Recalculating the value equation

Factor™ seating recalculates the value equation for work chairs with adjustable lumbar support, three mechanisms including a weight sensing synchro-tilter, and fixed or adjustable arms. Choose from three contemporary frame finishes and a spectrum of mesh colors. You just won't believe the price.

Getting together

Factor multi-purpose guest chairs feature a matching picture frame back design and the same finishes as the highly popular task chair. When specified with casters, the multi-purpose guest chair is a versatile pull-up option.

Additional information can be found on the Global [website](#).

Adjusts to your day

Optional arm adjustments

Side sliding armcaps

Height adjustable arms

Arm options

Fixed arms

Height adjustable arms

Mechanisms

Weight sensing synchro-tilter mechanism with tilt lock and seat slider

Tilter mechanism

Task basic swivel mechanism

Sit, stretch and recline. Factor's adjustable lumbar support flexes independently on each side to respond to your seated movements. Back height, seat depth, arm and mechanism options support a range of body types and applications.

Lightweight, intuitive design

Cloud frame and base

Shadow frame and base

Black frame and base

Base options

Base matches frame color selection; casters coordinate with base color

Polished aluminum

Caster options

Dual wheel carpet casters

Dual wheel hard floor casters

For collaborative applications in flex and touchdown spaces, Factor goes wherever you choose to work. The lightweight chair has an integrated backrest handle that makes it easy to move between spaces throughout the day. Its sleek profile and monochrome frame finishes complement a range of interiors.

A closer look
