A welcoming environment

The broad appeal of the Citi™ series rests with its contemporary style, unlimited flexibility and good value. Each piece in the Citi series complements every other: sofas meld with coffee and end tables, lounge chairs and ottomans pair with sectional pieces, fabrics and finishes harmonize.

All Citi pieces are offered in a choice of fabric, vinyl or leather or a combination of fabric with leather seats and back cushions. Solid wood frames and full webbing construction provide lasting comfort and durability. And best of all, Citi is designed to fit tight budgets.

Classic and contemporary

Citi sectionals in large open spaces or efficient seating configurations where space is at a premium. Sectionals are available in multiple seat configurations and feature integrated corners, armless units and table arms.

Citi tables complement both sectional and lounge seating and are available as square or rectangular coffee or end tables. Table tops can be selected in either tempered glass or a matching laminate finish.

Additional information can be found on the Global [website](#).

Tablet arm seating

Citi Tablet seating provides a practical working solution when people are on the move and away from their desks, making it a popular choice for client lounges, waiting areas, or presentation and training rooms.

The tablet arm conveniently swivels for comfort and access with just enough resistance so that laptops stay put and drinks don't accidentally spill. The surface is generously sized and proportioned for using a laptop computer, taking notes or a quick lunch.

Color it your way

Details

Tablets finished in laminate are edged with matching trim and are available in the full range of Global laminates
